Thank you very much. It seems weird that the data from these weren't entered into ICIS or DROPS – well, not so much ICIS but DEC had info in the spreadsheets from 2009 that I didn't not get when I had an ICIS report run.

Natalie,

Tim Mayers in AOO is looking at the effluent data for Cook Inlet and noticed that in both of our spreadsheets, there seems to be no data included for 2010 into mid-2011. Do you have any e-copies of the 2010 DMRs? Let's start with Trading Bay AKG315002 and if there are any, I may ask for another CD.

Thanks.
